PROFESSIONAL EXPERIENCE

Marketing Assistant & Internal Programmer

Union International Trading (Union Group) |

February 2026 – Present

- Act as the internal developer building and refining corporate web platforms, ensuring high fidelity to design files (Pixel Perfect) and full responsiveness.
- Integrate cutting-edge AI workflows (Claude Code, Antigravity) into the local development pipeline to write cleaner code, debug efficiently, and automate tasks.
- Manage corporate digital assets, aligning web interface upgrades with localized brand positioning and targeted marketing campaigns.

Assistant Producer & UI/Design Specialist

Will Joel, Maputo, Mozambique | 2022 – 2025

- Bridged the gap between visual identity and digital execution, ensuring brand consistency across all digital touchpoints.
- Managed media assets, content organization, and coordinated campaign execution.

Web Identity & Marketing Director

Associação Casulo Juvenil, Maputo, Mozambique |
2023

- Designed and executed the complete visual identity and initial digital layout strategy for the NGO.
